How do I use my Member ID Card?

Carry your Community First Member ID card with you at all times. Show this card to your doctor so they know you are covered by a Medicaid program.

You must show both Your Texas Benefits Medicaid Card and your Community First ID card when you receive health care services.

What if my card is lost or stolen?

If your Community First Member ID Card is lost or stolen, please call Member Services at 1-800-434-2347 and ask for a new one. You can also log in to our secure [Member Portal](#) at CommunityFirstMedicaid.com to print a temporary ID card or ask for a new one.

YOUR TEXAS BENEFITS (YTB) MEDICAID CARD

When you are approved for Medicaid, you will get a YTB Medicaid Card. This plastic card will be your everyday Medicaid card. You should carry and protect it just like your driver's license or a credit card. Your doctor can use the card to find out if you or your child have Medicaid benefits when you go for a visit.

You will be issued only one card and you will receive a new card only if your card is lost or stolen. If your Medicaid card is lost or stolen, you can get a new one by calling toll-free 1-800-252-8263, or by going online to order or print a temporary card at YourTexasBenefits.com.

If you are not sure if you are covered by Medicaid, you can find out by calling toll-free at 1-800-252-8263. You can also call 211. First pick a language and then pick option 2.

Your health information is a list of medical services and drugs that you have gotten through Medicaid. We share it with Medicaid doctors to help them decide what health care you need. If you don't want your doctors to see your medical and dental information through the secure online network, call toll-free at 1-800-252-8263 or opt out of sharing your health information at YourTexasBenefits.com.

The YTB Medicaid card has these facts printed on the front:

- Your name and Medicaid ID number.
- The date the card was sent to you.
- The name of the Medicaid program you're in if you get:
 - Medicare (QMB, MQMB);
 - Healthy Texas Women Program (HTW);
 - Hospice;
 - STAR Health;
 - Emergency Medicaid; or
 - Presumptive Eligibility for Pregnant Women (PE).
- Facts your drugstore will need to bill Medicaid.
- The name of your doctor and drugstore if you're in the Medicaid Lock-in program.

The back of the YTB Medicaid card has a website you can visit (YourTexasBenefits.com) and a phone number you can call toll-free (1-800-252-8263) if you have questions about the new card.

If you forget your card, your doctor, dentist, or drugstore can use the phone or the Internet to make sure you get Medicaid benefits.

PRIMARY CARE PROVIDER (PCP)

What is a primary care provider (PCP)?

A primary care provider (PCP) is you or your child's own doctor or health care clinic. Your PCP will take care of your medical needs and act as your main health care provider. If a specialist or tests are needed, your PCP will ask them for you using a referral and tell you how to make an appointment. If you or your child needs to be admitted to the hospital, your PCP can also arrange your care.

A PCP can be a:

- Pediatrician
- Family or general practitioner
- Internist
- Obstetrician/gynecologist (OB/GYN)
- Nurse Practitioner (NP) or Physician Assistant (PA)

Remember, your PCP is the most important person on you or your child's health care team!

CHOOSING A PRIMARY CARE PROVIDER

How can I or my child get a primary care provider?

You can choose a primary care provider from our STAR Provider Directory at CommunityFirstMedicaid.com. You can also call Member Services at 1-800-434-2347 if you need help. If you do not choose a primary care provider, one will be selected for you.

When and why should I or my child see a primary care provider?

Your primary care provider is your best resource for health advice. You should see your primary care provider regularly, even if you have no health concerns. They can recommend certain screenings depending on health factors and provide needed preventive care.

Can a clinic (Rural Health Clinic or Federally Qualified Health Center) be my or my child's primary care provider?

Yes. You may pick a Federally Qualified Health Center (FQHC) or Rural Health Clinic (RHC) from our STAR Provider Directory.

Can a specialist ever be considered a primary care provider?

If you have a very serious medical condition, you may ask for a specialist to act as your primary care provider. The specialist must be approved by Community First Health Plans. The specialist must also be willing to be your primary care provider.

What if I choose to go to another doctor who is not my primary care provider?

For routine care, you should always go to your primary care provider. If you go to another doctor who is not your primary care provider, you might be asked to sign a form that says you will pay the bill. You may go to a different doctor for Texas Health Steps checkups or family planning services.

How do I get medical care when my primary care provider's office is closed?

If you have an urgent problem, call your primary care provider first. Your primary care provider, or a doctor on-call is available to you, either in-person or by phone, 24 hours a day, seven days a week.

PRIMARY CARE PROVIDER (PCP)

You can also call our 24/7 Nurse Advice Line at 1-800-434-2347. The nurse might give you at-home medical advice or refer you to an urgent care center or emergency department, if needed.

A Member Services Representative can help you choose a new primary care provider. Call Member Services toll-free at 1-800-434-2347.

You can also submit a request to change your primary care provider at CommunityFirstMedicaid.com through our secure [Member Portal](#) or write to us at:

Community First Health Plans

When will my or my child's primary care provider change become effective?

If you change your primary care provider, the change will become effective immediately.

What if my or my child's primary care provider leaves Community First Health Plans' network?

We will send you a letter to tell you that your primary care provider has left our network and that we have chosen a new primary care provider for you or your child. If you prefer to pick a different primary care provider, call Member Services and tell us the doctor you want.

If you or your child is receiving medically necessary treatments, you might be able to stay with your current doctor, even if they leave our network, if they are willing to keep seeing you or your child. When we find a new doctor in our network who can provide the same type of care, we will change your doctor.

Are there reasons why a request to change my primary care provider may be denied?

Community First might deny your primary care provider change request if:

- The doctor you chose does not take patients with your needs.
- The doctor you chose is not accepting new patients.
- You are in the hospital when you make the request.

Can my primary care provider move me to another primary care provider for non-compliance?

Yes, for the following reasons:

- You miss three appointments in a row during a six-month period and do not contact your doctor before your missed appointment.
- You do not follow your doctor's advice.
- You are rude, abusive, or do not work with your doctor or your doctor's staff.

MAKING AN APPOINTMENT**How do I make an appointment with my or my child's primary care provider?**

Call your primary care provider (PCP) to make an appointment. You can find their number on your Community First Member ID card. What do I need to bring with me to my or my child's doctor appointment?

- Immunization (shot) records
- A list of all medications you or your child are currently taking
- Community First Health Plan's checkup checklist

PHYSICIAN INCENTIVE PLAN INFORMATION

Community First Health Plans cannot make payments under a physician incentive plan if the payments are designed to induce providers to reduce or limit Medically Necessary covered services to Members. You have the right to find out if your primary care provider (main doctor) is part of this physician incentive plan. You also have a right to find out how the plan works. You can call 1-800-434-2347 to learn more about this.

We care about your health. Preventive care services like regular health checkups with your PCP are essential to helping create better health outcomes and help your doctor get to know you or your child so they can help plan for future health care needs.

CHOOSING A PRIMARY CARE PROVIDER FOR YOUR BABY

Can I pick a primary care provider for my baby before the baby is born?

As soon as Community First Health Plans knows you are pregnant, we will send you information about your pregnancy and your unborn baby. Community First will ask you to choose a primary care provider (PCP) for your baby, even before the baby's birth. This will make sure your baby's PCP will check the baby while in the hospital, and then take care of your baby's health care needs after you and the baby are discharged from the hospital.

How and when can I switch my baby's primary care provider (PCP)?

There is no limit on how many times you can change your or your baby's primary care provider. You can change primary care providers by calling Member Services at 1-800-434-2347.

You can also submit a request to change your baby's primary care provider through our secure [Member Portal](#) at CommunityFirstMedicaid.com or write to us at:

Community First Health Plans

Attention: Member Services
12238 Silicon Drive, Suite 100
San Antonio, TX 78249

When will my baby's primary care provider change become effective?

If you change your baby's primary care provider, the change will become effective immediately.

NOTIFYING YOUR HEALTH PLAN AFTER GIVING BIRTH**How do I sign up my newborn baby for health care coverage?**

If you are a Community First Member when you have your baby, your baby automatically becomes a Community First Member as well on their date of birth. Community First will get information from the hospital to add your baby as a new Member, and the hospital will also notify Medicaid about the baby's birth.

It is still important that you contact the Department of State Health Services (DSHS) office to also report the birth of your baby. This will make sure your baby can get all the covered health care services they need.

Can I switch my baby's health plan?

For at least 90 days from the date of birth, your baby will be covered by the same health plan that you are enrolled in. You can ask for a health plan change before the 90 days is up by calling the Enrollment Broker at 1-800-964-2777. You cannot change health plans while your baby is in the hospital.

After I've given birth, how and when do I tell my health plan?

You should let Community First know as soon as possible about the birth of your baby. We may already have the information about your baby's birth, but call us so we can verify the correct date of birth for your baby and also confirm that the name we have for your baby is correct.

After I've given birth, how and when do I tell my Case Manager?

Call your Medicaid Case Manager as soon as possible after your baby is born. That way, your baby can get a Medicaid number and start receiving benefits right away.

Who do I call if I or my child has special health care needs and I need someone to help?

Community First offers Service Coordination for Members with special health care needs. You can read more about Service Coordination in this handbook. Please call Member Services at 1-800-434-2347 if you need help.

You will keep getting care through Community First until HHSC changes your address.

MEDICAID AND PRIVATE INSURANCE

What if I have other insurance in addition to Medicaid?

You are required to tell Medicaid staff about any private health insurance you have. You should call the Medicaid Third Party Resources hotline and update your Medicaid case file if:

- You get new insurance coverage.
- You have general questions about third party insurance.

You can call the hotline toll-free at 1-800-846-7307.

If you have other insurance, you may still qualify for Medicaid. When you tell Medicaid staff about your other health insurance, you help make sure Medicaid only pays for what your other health insurance does not cover.

IMPORTANT: Medicaid providers cannot turn you down for services because you have private health insurance as well as Medicaid. If providers accept you as a Medicaid patient, they must also file with your private health insurance company.

APPEAL PROCESS

What can I do if my doctor asks for a service or medicine for me or my child that's covered, but Community First Health Plans denies or limits it?

Community First might deny a health care service or medicine if it is not medically necessary. A medicine can also be denied:

- If the medicine does not work better than other medicines on the Community First Preferred Drug List.
- If there is another medicine that is similar that you must try first that you have not used before.

If you disagree with the denial, you can ask for an appeal.

How will I find out if a service or medicine is denied?

You will receive a letter telling you if a service or medicine has been denied. You will also receive an appeal form.

When do I have the right to ask for an appeal?

You can request an appeal if there is a denial, partial denial, reduction, suspension or termination for in-lieu-of services and settings in whole or in part.

How do I file an appeal?

You may provide appeal information by phone, in writing, or in person.

If you would like someone to file an appeal on your behalf, you may name a representative in writing by sending a letter containing their name to Community First. A doctor or other medical provider may be your representative.

To learn more, call Member Services at 1-800-434-2347.

Can someone from Community First help me file an appeal?

Yes, a Member Services Representative can help you file an appeal.

What are the time frames for the appeal process?

You must ask for an appeal within 60 days from the date on your notice of the denial, reduction, or suspension of previously authorized services. You have the right to ask for an extension of up to 14 days if you want to provide more information in your appeal.

A letter will be mailed to you within five (5) days to tell you that we have received your appeal. We will then mail you our decision within 30 days.

If Community First needs more information, we might ask for an extension of up to 14 calendar days. If we need an extension, we will call you as soon as possible to explain that there is a need for more information and that the delay is in your (the Member's) interest. We will also send you written notice of the reason for delay.

Community First will resolve your appeal as soon as possible based on your health condition and no later than the 14 day extension. If you are not happy with the delay, you may file a complaint by calling Member Services at 1-800-434-2347.

Can I still keep getting medical services while Community First is working on my appeal?

You have the right to keep getting any current medical services Community First already approved while we work on your appeal, if you file your appeal on or before:

- 10 days from the date you received our decision letter; or
- The date our decision letter says your medical services will be reduced or end.

If the services that are the subject of the appeal are not approved during the appeal, you may be responsible for the cost of the services you received during the appeal.

What if I am not satisfied with the decision? When can I request an External Medical Review and State Fair Hearing?

You can ask for an External Medical Review and State Fair Hearing no later than 120 days after the date Community First Health Plans mails you the appeal decision notice.

You also have the option to ask for only a State Fair Hearing Review no later than 120 days after Community First Health Plans mails you the appeal decision notice.

EXPEDITED APPEAL PROCESS**What is an Expedited Appeal?**

An Expedited Appeal is when the health plan has to make a decision quickly based on the condition of your health, and taking the time for a standard appeal could jeopardize your life or health.

How do I ask for an Expedited Appeal and who can help me file one?

A Community First Member Services Representative can help you ask for an Expedited Appeal. Call Member Services at 1-800-434-2347.

Does my request for an Expedited Appeal have to be in writing?

Your request does **NOT** have to be in writing. You may ask for an Expedited Appeal by phone, in person, or in writing.

You have the right to ask for an extension of up to 14 days if you want to provide more information.

What are the time frames for an Expedited Appeal?

We will notify you if we deny your request for an Expedited Appeal. Your request will then be moved to the regular appeal process. We will send you a written notice of this change by mail within two (2) calendar days.

STATE FAIR HEARING

Can I ask for a State Fair Hearing?

If you, as a Member of the health plan, disagree with the health plan's internal appeal decision, you have the right to ask for a State Fair Hearing. You may name someone to represent you by writing a letter to the health plan telling them the name of the person you want to represent you. A provider may be your representative. If you want to challenge a decision made by your health plan, you or your representative must ask for the State Fair Hearing within 120 days of the date on the health plan's letter with the internal appeal decision. If you do not ask for the State Fair Hearing within 120 days, you may lose your right to a State Fair Hearing. To ask for a State Fair Hearing, you or your representative should either call 1-800-434-2347 or send a letter to the health plan at:

Community First Health Plans

12238 Silicon Drive, Suite 100
San Antonio, TX 78249

You have the right to keep getting any service, including in-lieu-of services and settings, the health plan denied or reduced, based on previously authorized services, at least until the final State Fair Hearing decision is made if you ask for a State Fair Hearing by the later of (1) 10 calendar days following the date the health plan mailed the internal appeal decision letter, or (2) the day the health plan's internal appeal decision letter says your service will be reduced or end. If you do not ask for a State Fair Hearing by this date, the service the health plan denied will be stopped.

If you ask for a State Fair Hearing, you will get a packet of information letting you know the date, time, and location of the hearing. Most State Fair Hearings are held by phone. At that time, you or your representative can tell why you need the service the health plan denied.

HHSC will give you a final decision within 90 days from the date you asked for the hearing.

Can I ask for an emergency State Fair Hearing?

If you believe that waiting for a State Fair Hearing will seriously jeopardize your life or health, or your ability to attain, maintain, or regain maximum function, you or your representative may ask for an emergency State Fair Hearing by writing or calling Community First Health Plans. To qualify for an emergency State Fair Hearing through HHSC, you must first complete Community First Health Plans' internal appeals process.

EXTERNAL MEDICAL REVIEW

Can a Member ask for an External Medical Review?

If a Member, as a member of the health plan, disagrees with the health plan's internal appeal decision, the Member has the right to ask for an External Medical Review. An External Medical Review is an optional, extra step the Member can take to get the case reviewed before the State Fair Hearing occurs.

The Member may name someone to represent them by contacting the health plan and giving the name of the person the Member wants to represent them. A provider may be

the Member's representative. The Member or the Member's representative must ask for the External Medical Review within 120 days of the date the health plan mails the letter with the internal appeal decision. If the Member does not ask for the External Medical Review within 120 days, the Member may lose their right to an External Medical Review. To ask for an External Medical Review, the Member or the Member's representative may either:

- Fill out the "State Fair Hearing and External Medical Review Request Form" provided as an attachment to the Member Notice of MCO Internal Appeal Decision letter and mail or fax it to Community First Health Plans by using the address or fax number at the top of the form;
- Call Community First Health Plans at 1-800-434-2347; or
- Email Community First Health Plans at qmappeals@cfhp.com.

If the Member asks for an External Medical Review within 10 days from the time the Member gets the appeal decision from the health plan, the Member has the right to keep getting any service, including in-lieu-of services and settings, the health plan denied, based on previously authorized services, at least until the final State Fair Hearing decision is made. If the Member does not ask for an External Medical Review within 10 days from the time the Member gets the appeal decision from the health plan, the service the health plan denied will be stopped.

The Member may withdraw the Member's request for an External Medical Review before it is assigned to an Independent Review Organization or while the Independent Review Organization is reviewing the Member's External Medical Review request. An Independent Review Organization is a third-party organization contracted by HHSC that conducts an External Medical Review during Member appeal processes related to Adverse Benefit Determinations based on functional necessity or medical necessity. An External Medical Review cannot be withdrawn if an Independent Review Organization has already completed the review and made a decision.

Once the External Medical Review decision is received, the Member has the right to withdraw the State Fair Hearing request. The Member may withdraw a State Fair Hearing request orally or in writing by contacting the hearings officer listed on Form 4803, Notice of Hearing.

If the Member continues with a State Fair Hearing and the State Fair Hearing decision is different from the Independent Review Organization decision, it is the State Fair Hearing decision that is final. The State Fair Hearing decision can only uphold or increase Member benefits from the Independent Review Organization decision.

Can I ask for an emergency External Medical Review?

If you believe that waiting for a standard External Medical Review will seriously jeopardize your life or health or your ability to attain, maintain, or regain maximum function, you, your parent, or your legally authorized representative may ask for an emergency External Medical Review and emergency State Fair Hearing by writing or calling Community First Health Plans. To qualify for an emergency External Medical Review and emergency State Fair Hearing review through HHSC, you must first complete Community First Health Plans' internal appeals process.
